REMARKS/ARGUMENTS**AMENDMENT**

In response to the Examiner's final Office Action of June 24, 2005 the Applicant respectfully submits the accompanying Amendment to the claims and the below Remarks directed thereto.

Claims 1-9 are currently pending in the present application. In the Amendment: independent claims 1 and 8 are amended to incorporate the subject matter of allowable claim 9; claim 9 is cancelled; and pending claims 2-7 are unchanged.

It is respectfully submitted that the above amendments do not add new matter to, nor new issues to the prosecution of, the present application.

REMARKS***Allowable Subject Matter***

The applicant appreciates the Examiner's indication of the allowability of the subject matter of pending claims 2-7 and 9, under the conditions stated in the office action.

Claim Rejections

It is respectfully submitted that the above-described amendment to independent claims 1 and 8 to incorporate the subject matter of allowable claim 9 overcomes the Examiner's rejections of claims 1 and 8 under obvious-type double patenting over claims 1-6 of USP 6,899,420 in view of previously cited Titterington, of claim 1 under 35 USC 103(a) over Titterington in view of newly cited Hilton (USP 5,691,753), and of claim 8 under 35 USC 103(a) over Titterington and Hilton in view of previously cited Eguchi, for at least the reasons outlined by the Examiner in the "Allowable Subject Matter" section of the office action.
